DANIELA DIAZ

SOFTWARE ENGINEERING STUDENT

I am currently pursuing a diploma in Software Engineering. Additionally, I have experience caring for children and babies. In these roles, I have developed skills in childcare, patience, and personalized attention to the needs of the little ones. I have also learned to handle unexpected situations calmly and to ensure a safe and fun environment for the children in my care.

SKILLS

- Child Care Experience
- Communication skills
- Patience
- Problem-Solving
- Attention to Detail
- Adaptability
- Creativity
- Reliability
- Always Willing to Learn
- Team Work
- Basic cooking skills
